### Instagram

Remember to follow and like us "windsorkindergarten". There are posts put on our day time nursery and our After School Club (ASC).

We have a 'Sun Safe' policy and at this time of year we like to make sure we are protecting the children when they are in the setting in this hot weather:

- We will always provide drinking water throughout the session
- We will always ensure hats are worn outside in sunny areas
- We will shade the garden with fabrics as much as we can
- We will apply sunscreen after lunch for the pm session
